

MARKET REPORTS

Paine, Webber & Co.
(By L. J. Overlock)
NEW YORK, Jan. 28.—Half million pounds copper, part March and part April delivery, sold Wednesday in New York for 26 1/2 cents. Steel dividend payable March 30 to stock of record March 1.

BOSTON, Jan. 28.—Greene Cananea dividend payable February 28 to stock of record February 11.

A better feeling prevailed at the opening due to increase in St. Paul dividend and prices opened fractionally higher. Speculative impulse was lacking, however, and market soon lapsed into dullness, receding fractionally at the close which was practically unchanged from yesterday. Copper shares were in better demand as a whole, most of the active issues recording fair sized gains. Copper metal continues strong and all indications point to higher prices in the near future. Verde Extension is gaining in popularity daily and higher prices apparently is only a question of a short time.

\$100,000 IN SIGHT FOR MINE BUILDING SAYS VON KLEINSMID

President of State University Returns from Eastern Trip with Plans Completed for Financing New Structure.

TUCSON, Jan. 28.—Dr. R. B. von Kleinsmid, president of the University of Arizona, got the hundred thousand dollars for the school of mines building.

Stripped of all qualifications, that is the result of his trip. To explain, he received specific assurances from the head officials in New York of mining companies in this state that they would contribute to this fund. Details of the arrangement are yet to be worked out. The contributions will be made on a pro rata basis, according to production. The entire matter will be settled inside of a few months.

"I found these men public spirited and generous," said Dr. von Kleinsmid this morning. "They were exceedingly nice about the matter."

The \$100,000 in donations by the companies and the \$75,000 appropriated by the legislature, making a total of \$175,000, will provide a building and a reasonable equipment, the president says. It is expected that much equipment in the way of reduction tables, flotation machines and drills will be donated to the school by manufacturers, as has been the case heretofore. The engineering equipment will have to be purchased. The regents are not obligated in the conditions imposed by

OUR YOUNG WOMEN

are so often subject to headache—are languid, pale and nervous—because their blood is thin or insufficient. They are not really sick and hesitate to complain, but they lack that ambition and vivacity which is their birthright. They do not need drugs—but do need the tonic and nourishment in Scott's Emulsion that makes richer blood, fills hollow cheeks, suppresses nervousness and establishes strength. Nourishment alone makes blood and Scott's Emulsion is the essence of concentrated nourishment, free from wines, alcohols or opiates.

If mother or daughter is frail, pale or nervous, give her Scott's for one month and see the betterment. It has a wholesome, "nutty" flavor. Avoid substitutes. At any drug store.

Scott & Bowne, Bloomfield, N. J. 15-24

the legislature to use the \$75,000 for the purchase of equipment, the only condition being that \$75,000 additional to that appropriated, be raised by subscription.

The president returned this morning from a four weeks' trip, in the course of which he visited Washington and other cities, in addition to New York City. He was delayed in returning because Dr. L. D. Ricketts, a regent of the University, was delayed in sailing for South America. Dr. Ricketts sailed at noon last Saturday.

"Dr. Ricketts spent two days of his busiest time in assisting me in this matter," said Dr. von Kleinsmid, "and was of material help in securing audiences with officials who were high enough to say yes or no positively whether their companies would contribute."

"Whether or not congress will make an appropriation for branch mine ex-

"HAVE A SMOKE, MY LITTLE PRISONER?"

This six-year-old Serbian youngster, a prisoner in a German detention camp, is happy regardless of the fact that the whereabouts of his parents are unknown. His costume is a nondescript one, being made up of sawed off trousers and cast-off apparel. A German soldier is teaching him how to smoke.

periment stations at this session appears doubtful.

"Senator Ashurst is preparing a bill setting aside four sections of land at the head of Marshall Gulch, in the Catalina mountains, for the use of the university as a biological station. The bill will be introduced in the house by Representative Carl Hayden. Senator Smith is in favor of it. I was given assurances that the reservation will be given us.

"We are also asking for two sections in the Coronado forest reserve as a permanent military camp for the cadet battalion. These sections are located on the table land approaching Sabino canyon. When I left the plan was to include this project in the same bill with the other.

"In a letter to the senate public lands committee, explaining the objects of the proposed biological station I stated that it would provide an opportunity for the study of problems in practical forestry, the cultivation of forest plants suitable to high altitudes, the culture of drug-producing plants in high altitudes, development of varieties of fruits suitable to high altitudes, the study of climate and plant growth in relation to altitude, and problems of animal ecology and forestomology.

"I lectured before the educational section of the Pan-American congress at Washington on 'Late Practical Applications of Psychological Principles' a subject which took me into the field of filial philosophy.

"The congress was a wonderful affair. South America is not slow in science. There were twenty-one countries represented, every South American republic by a splendid delegation. The scientific men of those countries are big. The congress has great political significance, which will become more manifest as time goes on."

WILL START REPAIRS ON ROAD TO DOUGLAS

Highway will be Dragged to Secure Much Needed Surface Improvement.

DOUGLAS, Jan. 28.—The work of dragging the Central highway for the purpose of improving its surface will start at once, J. M. Kimmel, assistant county engineer, being here to arrange for this work. This will result in giving the road an excellent surface as it dries out, eliminating the ruts and rough spots.

Dragging can only be done when the road is wet, following a rain or the thawing of snow. It is proposed, however, to have the road dragged after every rain which gives sufficient moisture and this work alone is expected to do much toward improvement. The road, while well graded, has never been sufficiently rolled or dragged heretofore, because of the exceedingly dry period which has intervened since it was built early last spring.

Mr. Kimmel left here to go out to order the starting of the work, Tuesday. After proceeding seven miles north he found that the going was so bad that he was in danger of becoming mired in his car. He therefore returned and waited until yesterday. On account of the soft surface, the Central highway has been practically impassable for several days, according to arrivals.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O.
We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

NATIONAL BANK OF COMMERCE, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

HAVE YOU STARTED THAT "BUY AT HOME" LETTER YET?

The Contest Dept. of the Review has received a number of very good letters. There is ample room for more.

RULES.

The Bisbee Daily Review offers PRIZES ranging from \$25 to \$100 cash, for the most practical letters on the subject "BUY AT HOME."

This contest is open to all with the exception of Review employees.

Letters must not exceed 400 words in length.

This contest will be judged according to the practical value of the ideas expressed in the letters, literary excellence will have no bearing on decisions.

All letters must be in the Review office not later than February 3, 1916.

You may send in as many letters as you wish.

Address all letters to Bisbee Daily Review, Contest Dept.

Prizes: First \$25.00, Second \$10.00, Third \$5.00, and the best three best, one dollar each.

She Will Recover

So her doctor said. Her friends and neighbors felt sure of it too. They have used Peruna themselves and know of its merits.

That old cough that had worried her for years and years, for which she had taken all sorts of cough medicines, has disappeared. Peruna is doing the work. She will recover. Indeed, she has recovered.

Her name is Mrs. William H. Hannon, 2741 Lincoln Ave., Chicago, Ill. She had suffered with catarrh of the bronchial tubes and had a terrible cough ever since a child. As she got older she grew worse. She coughed both winter and summer. Had to sit up at night. Could not sleep. "But all that has left me now. Peruna has cured me."

There are others, and there is a reason.
